

DETAILED ACTION

Response to Amendment

This Office Action is responsive to Applicant's arguments and request for reconsideration of application 09/687,892 (10/13/00) filed on 07/21/09.

Status of the Claims

Claims 42, 43 and 45 are currently amended. Claims 1-26, 29, 35, 39-40, 44 were canceled. Claims 27-28, 30-34, 36-38, 41 and 46 were previously presented. Thus, claims 27-28, 30-34, 36-38, 41-43 and 45-46 are currently pending.

Allowable Subject Matter

Claims 27-28, 30-34, 36-38, 41-43 and 45-46 allowed, subject to the examiner's amendment below.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Todd Gerety, Reg. No. 51,729 on 10/29/09.

EXAMINER'S AMENDMENT

The application has been amended as follows: Please amend claim 42, 43 and 45.

42. (Currently amended) A computerized method for delivering financial messages to individual clients comprising:

automatically creating financial messages by a computer for delivery to the individual clients;

delaying delivery of at least one of the financial messages to an individual client by the computer; and

during the delay, generating a user interface by the computer through which to present the at least one financial message from among the automatically generated financial messages; receiving user commands by the computer input through the user interface to modify the at least one financial message; and modifying content of the at least one financial message by the computer according to the user commands, resulting in a modified financial message; and

delivering the modified financial message by the computer to the individual client.

43. (Currently amended) The method of claim 42, further comprising, during the delay, presenting the at least one financial message by the computer through the user interface to add a touchpoint to the at least one financial message, the touchpoint being a personalized message to the individual client.

45. (Currently amended) The method of claim 42, further comprising:
presenting the registered user preferences for the individual clients by the computer through a user interface; and
receiving user commands by the computer input through the user interface;
modifying the registered user preferences for the individual clients by the computer according to the user commands.

Reasons for allowance

The following is an examiner's statement of reasons for allowance:

Please refer to the prosecution history of the instant application. In particular, the applicant's remarks, as noted below which distinguish the instant claimed invention from the closest prior art references listed below.
